

All Hail the Red Queen

All hail the mighty Red Queen,
All cheered in praise with their hands raised.
She wouldn't love them if they weren' t a freak,
“Off with his head!” As she would say,
When the dark blade drops, they all shall shriek.

All hail the mighty Red Queen,
Her heart is cold, with her Kingdom gold,
The walls were painted red, just like her head.
"We all love the Red Queen," they all would say, but
they don't know how long they could stay.

All hail the mighty Red Queen!
The Hatter mocked, the Red Queen in shock, the
Kingdom rocked in catastrophe.
"Oh my lord, what could it be!"
The Jubjub bird, the Bandersnatch, the Jabberwock!

All hail the mighty Red Queen!
The Frabjous day has arrived! What a glorious scene!
In the grounds soaked with blood and woe,
The blonde girl rose, with the sword raised in glow,
“Swoop!”
“Thud!”

With a heart of courage and spirit so bright, off with
the Jabberwock' s head and the Queen in
dread.

All hail the bloody Red Queen!
With the Queen banished and her armies dead,
The Hatter danced and the crowd cheered with glee.
For they were once again, insouciant and free.
